Dear Colleagues:

On March 8, 2006, SLOCOG approved Administrative Amendment No. 12. The administrative amendment modified the project description only on PPNO 1131. A copy of the Project Fact Sheet is attached. The project, Tank Farm Safety Operational Improvements, is requesting that the project become defederalized in order to pursue Advance Construction with Caltrans Local Assistance and the ability to accrue expenses.

The County of San Luis Obispo has committed to using local funds as shown in the attached project fact sheet in lieu of federal RIP funding. This project is on a pending allocation list with the California Transportation Commission and will likely be allocated before the fiscal year is over. The County is in a situation where they must be able to begin the bid and award process to hire a contractor for this critical project. They County requests this amendment be approved before Wednesday, March 22, 2006.

If you have any questions regarding these amendments, please feel free to call Richard Murphy at 805-781-5754

Sincerely,

Ronald L. De Carli

Dear Colleagues:

On March 17th, SLOCOG forwarded Administrative Amendment No. 12 for review and approval. The administrative amendment modified project description for PPNO 1131, requesting the project be defederalized. A minor correction is being requested to the project, Tank Farm Safety Operational Improvements, to show that PSE and RW has been funded and delivered using local revenues. The attached materials to this letter show the technical corrections.

Once again, than you for expediting your review and approval of this amendment request.

If you have any questions regarding these amendments, please feel free to call Richard Murphy at 805-781-5754

Sincerely,

Ronald L. De'Carli
Executive Director
